Detail-oriented Data Analyst with 7 months of industry experience at Machanas Pvt. Ltd., skilled in deriving actionable insights from complex datasets using Python, SQL, Power BI, and Excel. Experienced in collecting, structuring, and validating raw data, followed by systematic entry and transformation in Excel to support analytical processes. Proficient in managing and maintaining databases to ensure data integrity and accessibility. Proven track record of improving data quality, automating dashboards, and streamlining reporting workflows. Adept at collaborating with cross-functional teams to drive data-informed decision-making.

TECHNICAL SKILLS

- **Data Analysis & Visualization Tools:** Power BI (Desktop, Service), Tableau, Advanced Excel, MS PowerPoint.
- **Programming & Query Languages:** Python, SQL, R Programming, DAX, Power Query (M-Query), java
- **Database Management:** MySQL, SQL Server, Data Modeling
- **Data Cleaning & Storytelling:** Data Cleaning, Data Visualization, Data Storytelling
- **Other Tools:** MS Office Suite, Documentation
- **Soft Skills:** Communication Skills, Problem Solving.

WORK EXPERIENCE

1. Data Analyst | MacHanas, Bengaluru Jan 2025 – July 2025

- Manage and maintain large datasets, ensuring data accuracy, integrity, and accessibility.
- implement data cleaning and preprocessing techniques to ensure the quality of business-critical data.
- Develop and automate data workflows to streamline data processing and reporting.
- Collaborate with cross-functional teams to provide data insights for decision-making.
- Utilize tools like Power BI, Tableau, Excel, for data analysis and reporting.
- Design and maintain databases to support data-driven initiatives.

Data Analyst Intern | LearnBay, Bengaluru March 2024 – November 2024

- Analyzed datasets to identify trends and improve KPI tracking for client accounts.
- Utilized data visualization expertise to design dashboards, analyzing key performance metrics
- Streamlined data processes, boosting efficiency by 50% and enhancing data accuracy.
- Delivered actionable insights, improving decision-making and increasing client satisfaction by 15%.

Data Analyst Intern | InnoByte Services, Delhi October 2024 – November 2024

- Analyzed sales data to uncover actionable insights, improving data accuracy and insights by 40% through advanced grouping and filtering techniques.
- Created interactive visualizations for product trends, customer behavior, and geographical sales distribution.
- Delivered a comprehensive report that optimized inventory management and sales strategies, resulting in 25% better stock planning and 20% enhanced customer engagement.

PROJECTS

1. Sales Insight Data Analysis | Power BI

- Objective: Identified sales trends and profitability in retail datasets.
- Tools Used: Python (Pandas, Matplotlib, Seaborn).
- Outcome: Helped uncover insights to improve pricing strategies and product prioritization.

2. Retail Sales and Profit Analysis| Jupyter Notebook

- Objective: Created a dynamic dashboard to visualize top-performing categories and profitability metrics.
- Tools Used: Power BI, DAX, Python
- Outcome: Enhanced business decisions through real-time visual insights.

3. Healthcare Data Analysis Project| Jupyter Notebook

- Objective: Analyzed patient demographics to optimize hospital resource utilization.
- Tools Used: Python (Pandas, Matplotlib).
- Outcome: Delivered actionable insights to improve patient care and operational efficiency.

EDUCATION

Master of Computer Applications (MCA)

- St. Francis College, Bengaluru City University |2021 – 2024
- CGPA: 7.6

Bachelor of Computer Science (BSc)

- St. Anne's Degree College | 2018 – 2021
- CGPA: 8.01

LANGUAGES

- **Kannada** – Native
- **Hindi** – Fluent
- **English** – proficient

CERTIFICATION

- **LEARNBAY ACADEMY**– Data Analyst Certificate March 2024 –November 2024
- **PWC**– Power BI Completion Certificate
- **IBM**- Data Analyst Certificate
- **IBM**- Data visualization using Power BI Certificate and Statistics Certificate
